

As all of our Bespoke Mirror TV's are custom made to suit our clients exact requirements we do not have a standard set of technical drawings. Instead we design and provide specific drawings for our customers approval prior to an order being placed. For an example of a recent Mirror TV we have produced, please see the technical drawing below for an idea of what to expect...

Product:

**15" Mirror TV - 520mm (W) X 926mm (H)
Front Glass Panel**
